Let’s Talk About Dementia and Culture:
How We Talk and Teach About Dementia in Cultural and Linguistic Communities

Dementia affects every community, but not in the same way. Join us for a conversation about disparities in the risk of developing dementia, and in access to dementia diagnosis, research and care, and to explore cultural values and ways of understanding dementia. Gain a new lens to see through as we work to embrace and support people living with dementia and families in all of our communities.

Virtual Symposium
Tuesday, November 10, 2020
1:00 p.m. to 4:30 p.m. EDT
