PROJECT CARE

We are seeking volunteers who are currently dementia family caregivers for an important research study on emotions & caregivers' health.

Our purpose:
The goal of this remote research study is to find out more about dementia caregivers' mental and physical health during COVID-19.

This research study has been reviewed and approved by Rice University Institutional Review Board. If you have concerns regarding this study or questions regarding your rights as a study participant, please contact Joanna Espinosa, Compliance Administrator - IRB, at Rice University.
