

Faith Health Initiative

Lisa Fleetwood MSN, RN, Faith Community Nurse

Faith Community Nursing

- Specialty practice in nursing
- RN volunteers
- Nurse knowledge + Spiritual Care
- Congregational and community settings
- Early detection of disease
- Educate on disease management
- Connect to resources (more than just giving a phone number)
- Help unlock motivation to get healthy
- Care coordination and end of life
- Address health disparities and access to care

Faith community nursing

FHI support for faith community nurses

Making it easier for the nurse and congregation

- Training; initial and ongoing
- Policies and procedures
- Educational resources
- Starter kits
- Liability insurance
- Documentation support

FCNs promote older adult health

- Opportunities to volunteer
- Caregiver resources and support
- Resource navigation
- Health education
- Care coordination
- Social & educational events
- Screenings

Next steps

- Retired RN who wants to start a ministry?
- Know an RN at your congregation?
