

## Alzheimer's Disease and Related Dementias (**ADRD**) Partner/Spousal Caregiver Study

You are being asked participate in this study because you are:

- at least 50 years old
- self-identify as a partner/spousal caregiver of color
- provide at least 10 hours per week of unpaid help (such as cooking, cleaning, dressing, medication management, etc.)
- your intimate partner has been diagnosed with Alzheimer's disease by a healthcare professional
- your intimate partner/spouse is at least 50 years old
- your intimate partner/spouse resides in the same household

**YOU SHOULD JOIN THIS STUDY!**

This study will explore how partner/spousal caregivers manage/deal with the challenges of caring for persons with Alzheimer's disease and related dementias (ADRD) using Zoom to conduct the interviews.

If you volunteer to be in this study, your participation will consist of an online interview using Zoom.

- Your participation would involve one interview session, which will take approximately 60 minutes of your time.
- Participants will receive a \$25.00 Amazon gift card upon completion of the interview. Participation is completely voluntary, information collected is protected, and participants may terminate at any time.

For more information or to volunteer participation please contact:
