

Research Participants Needed!

What are your beliefs about aging? Do you think it has any impact on your health?

Eligibility Requirements

- At least 65 years old
- Lives in the U.S.
- English-speaking
- Lives independently

What is the time commitment?

The survey takes 20-25 minutes to complete and can be completed from the comfort of your home!

What are the benefits and risks of participation?

There are no direct benefits or foreseeable risks to your participation, but you may enjoy learning about your own beliefs about how they may impact your behaviors. These results may also inform future research and policies that improve how we treat older adults in Western society.

About The Research Study

We are recruiting participants for a UIndy research study examining beliefs about aging and perceived control of health outcomes on coping behaviors as one ages.
